

8th

INTERNATIONAL SCIENTIFIC CONFERENCE
28th SEPTEMBER - 2nd OCTOBER 2010
Roma, Italy.

IOHA ROMA
INTERNATIONAL OCCUPATIONAL HYGIENE ASSOCIATION **2010**

IOHA is pleased to announce

its 8th International Congress that will be held in Roma in 2010.

The event will be organized by the Italian federate member AIDII and, as co-organizers, INAIL and ISPESL, the two Italian institutions responsible for the prevention and insurance of occupational hazards.

The Congress will bring together an international panel of experts to discuss strategies for the decade of 2010-2020, to define occupational hygiene methods and tools needed in countries with different levels of industrial development, and also to discuss current occupational hazards related to new emerging technologies.

Roma 2010 shall represent a fundamental step to ensure that industrial hygienists play a leading role in the new integrated markets of Environment, Health&Safety, adapting their professional profile to new requests emerging with the increasing complexity of a multidisciplinary scenario.

GENERAL INFORMATION

Important Dates:

Deadline for Abstract Submissions: before 1 December 2009

Deadline for Early Bird Registration: before 28 June 2010

PROGRAM TOPICS

The definitive topics of all sessions are presently under selection by the Scientific Committee. They will address both traditional issues of industrial hygiene and new "frontier topics" with a bridge function towards innovation and the integration of competences. Examples of possible topics to be addressed by the Congress are hereafter listed.

TRADITIONAL TOPICS

- > Asbestos and Silica
- > Chemical agents
- > Physical agents
- > Biological monitoring
- > Ergonomics
- > Wood dust
- > Risk assessment
- > Surface and dermal sampling
- > Voluntary protection programs
- > National exposure database
- > Personal protective equipment
- > Indoor air quality

"NEW FRONTIER" TOPICS

- > Nanotechnologies and nanomaterials in occupational settings
- > Ultrafine particles in occupational settings
- > Industrial hygienists in the implementation of ReACh
- > Public health and environmental issues
- > Occupational health and climate changes
- > Integration of industrial safety and health at workplace
- > Role of industrial hygiene in Corporate Social Responsibility

Organizers:
