

MANAGEMENT OF PERSON UNDER INVESTIGATION  
FOR COVID-19  
EXPERIENCES IN LOCAL GOVERNMENT

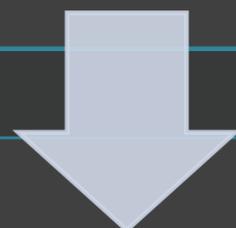

## Symptoms screening

- Self – Assessment (paper-based vs app) or Assisted

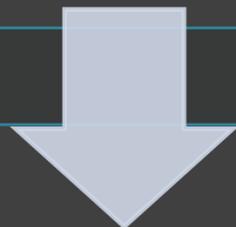

## Verification or Assisted symptoms screening

- On entry by Security vs Line Manager

## Clinical assessment

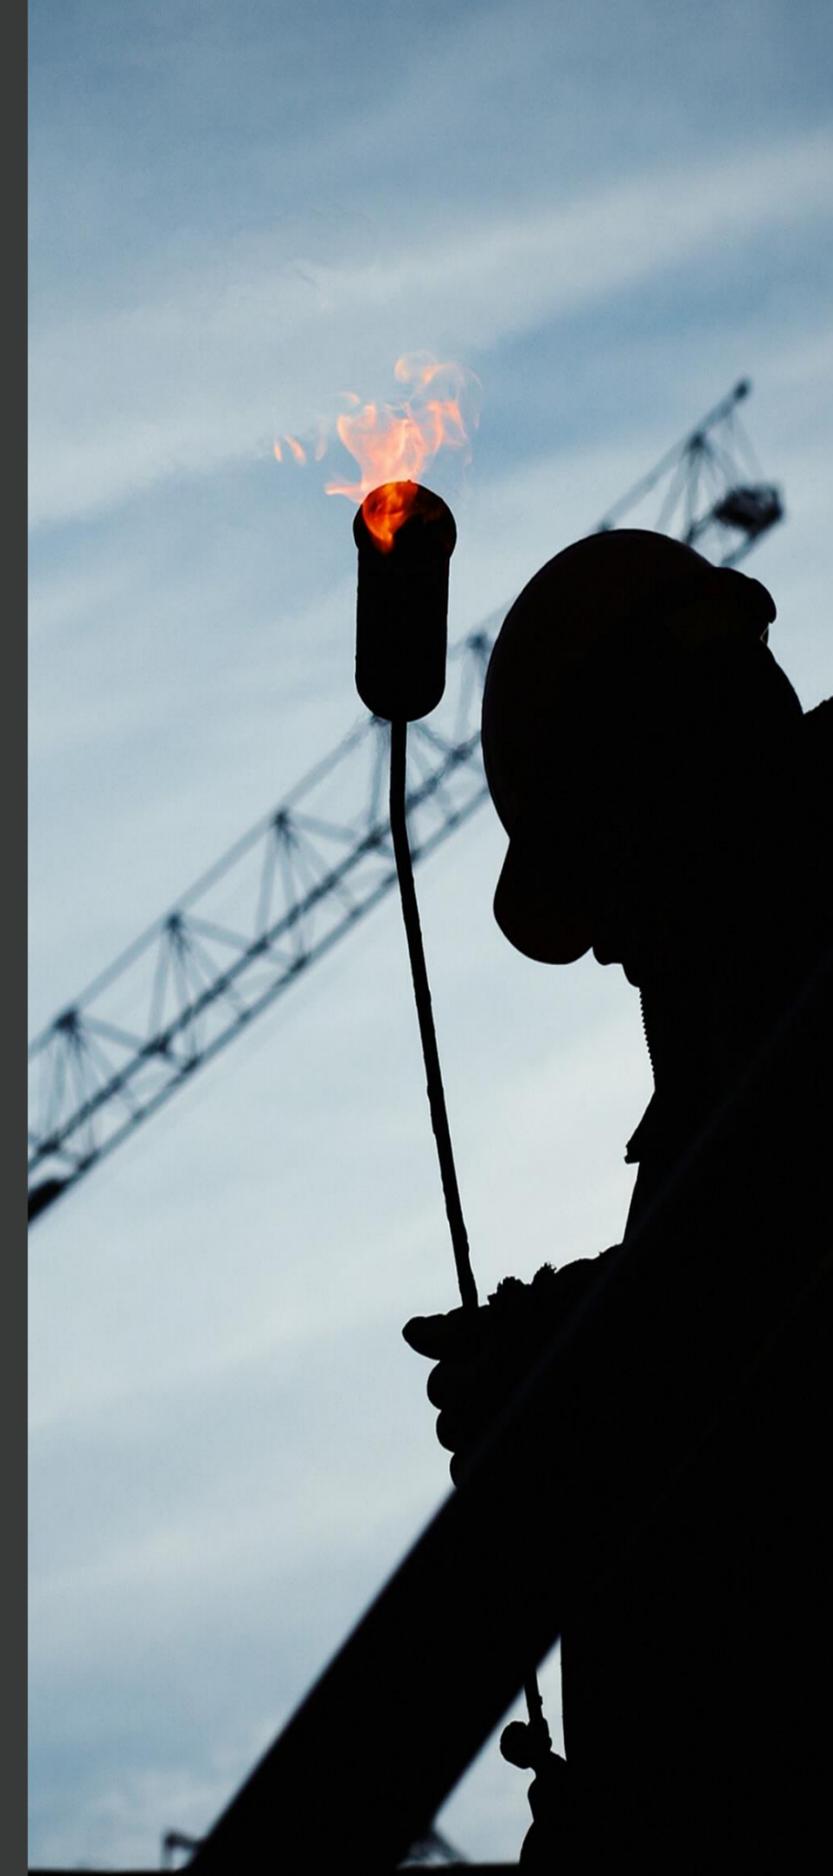

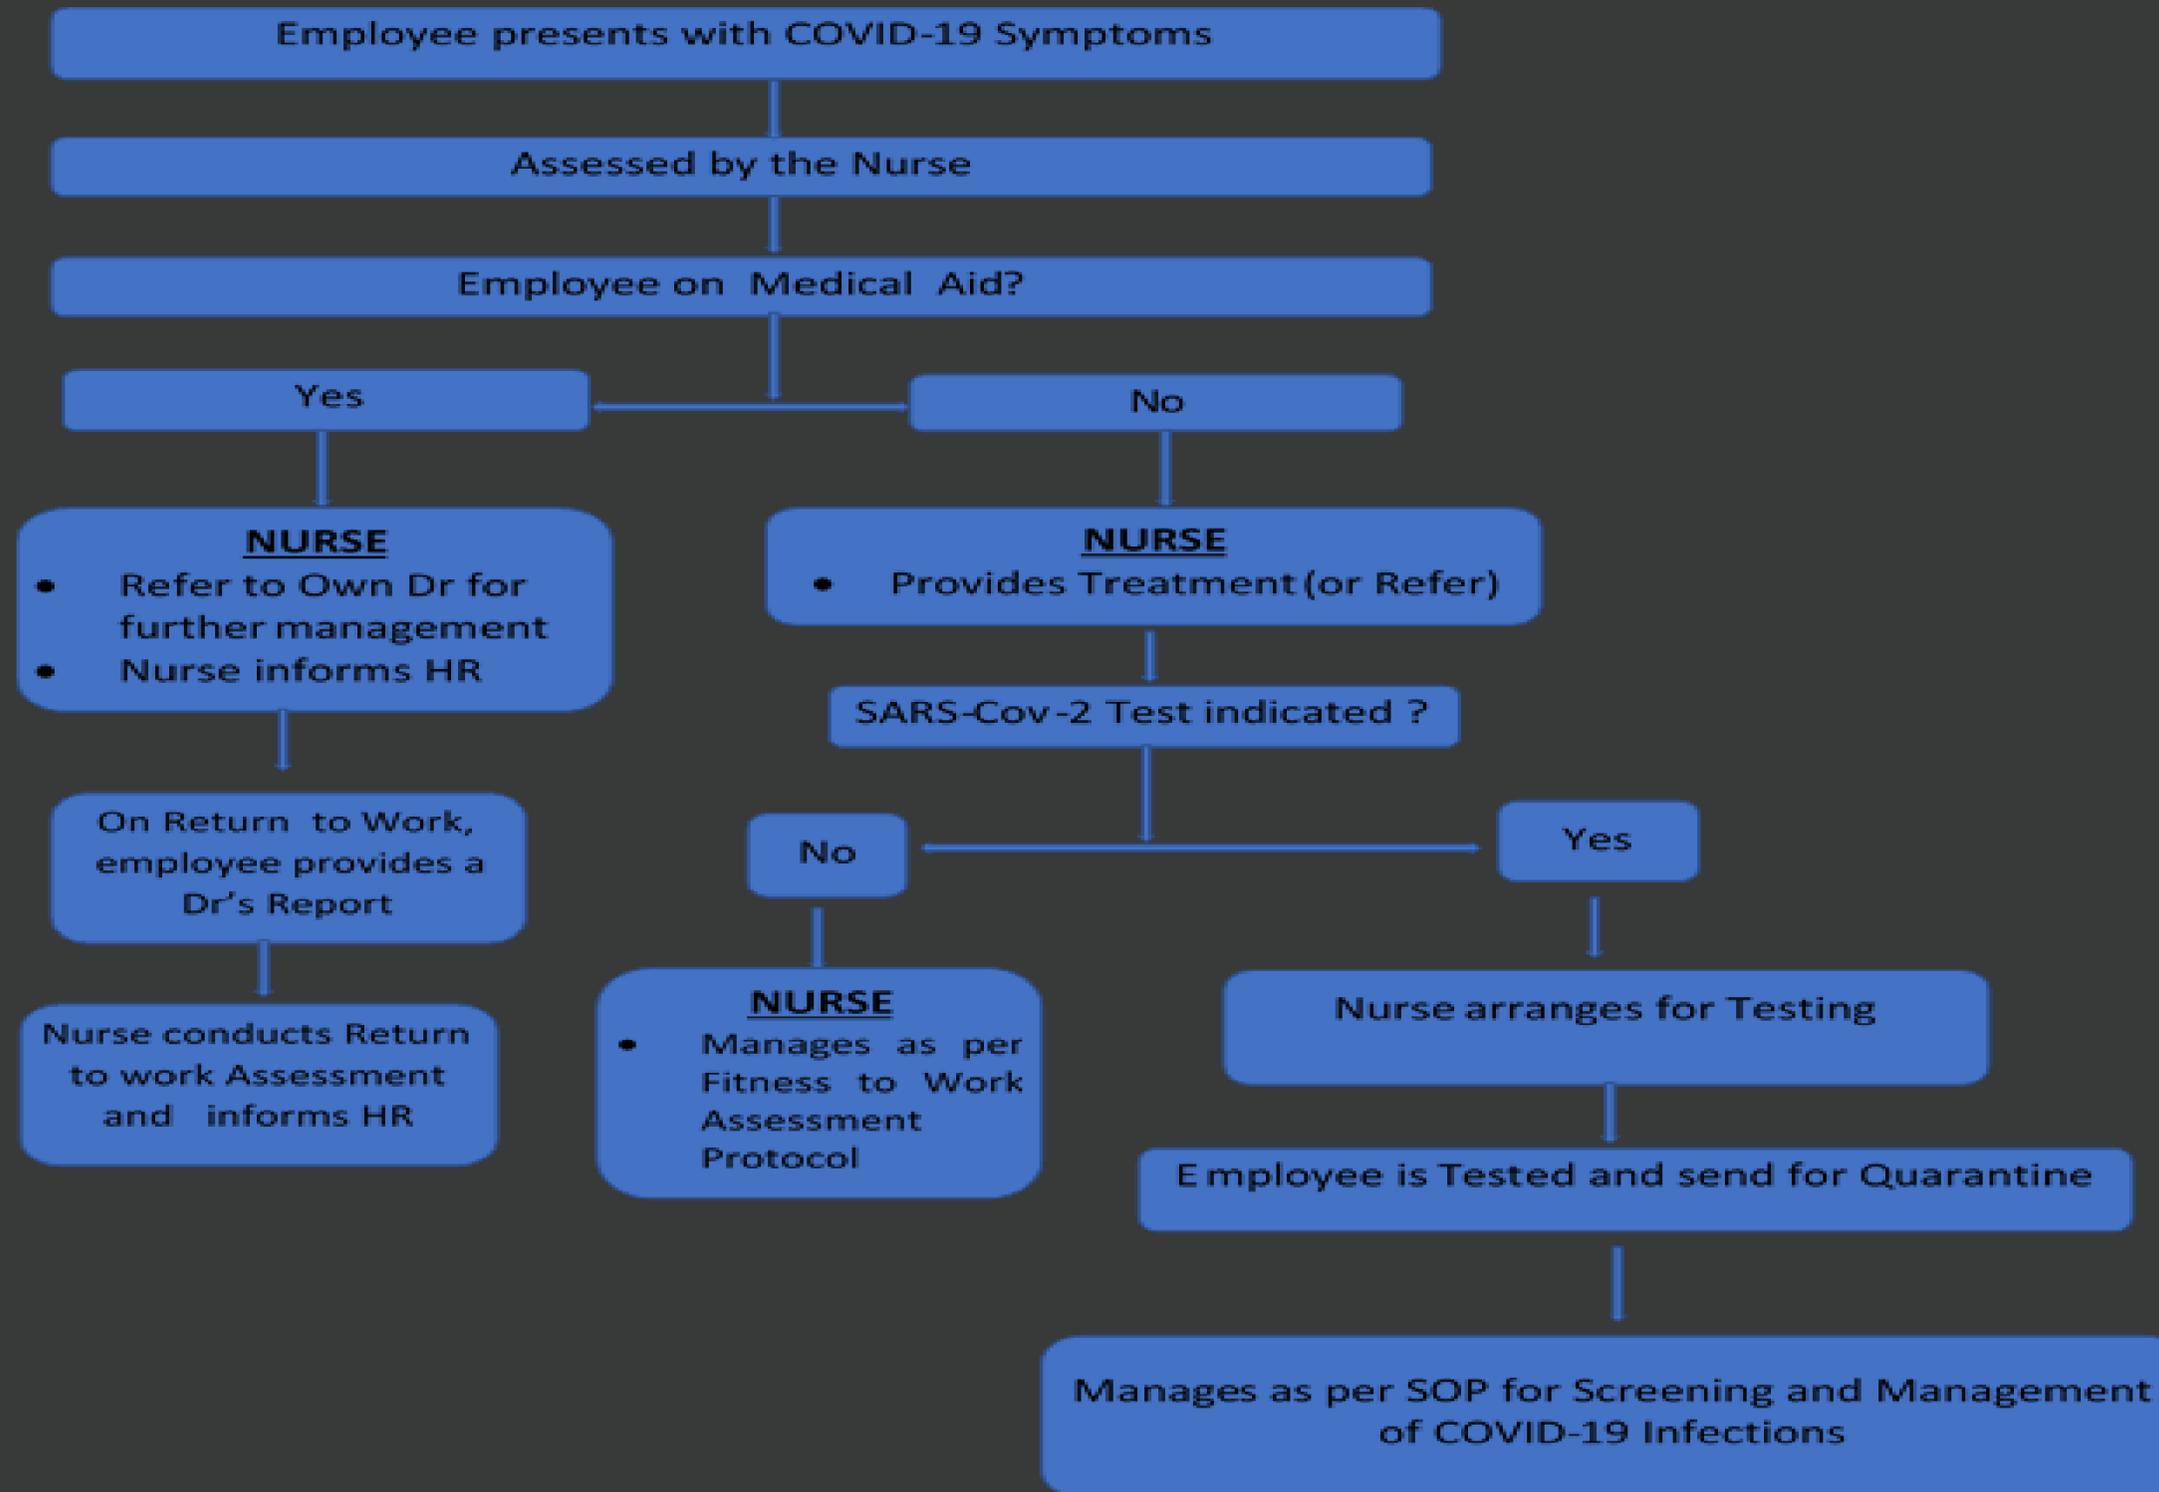

- By a Health professional (virtual vs physical)
- Referral of PUI for testing and quarantine

## Management of Positive Results:

Isolation; Contact Tracing; Decontamination; Incident investigation

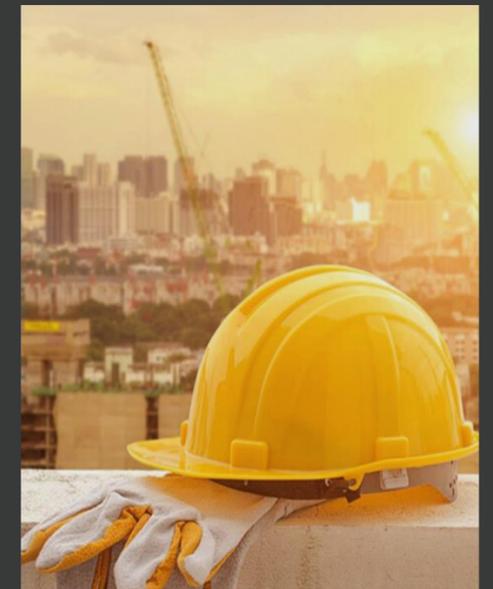

# Symptomatic Employee

# Positive Results

# CONCLUSION

- **Think of affected employee first**
  - Isolation (14 days or negative test)
  - EAP
  - Appropriate Leave and support: HR
  - Regular symptoms monitoring : OHS

- **Secondly- Colleagues**
  - Contact tracing and self quarantine for close contacts
  - Decontamination if necessary
  - Incident investigation and review of controls

- **Lastly-Authorities**
  - DoEL
  - DoH
  - Compensation .

# Thank you
