

Cmore Mobile app

1. Install Cmore Mobile app from Google Play Store
<https://play.google.com/store/apps/details?id=csir.cmore.adapter&hl=en>
2. When logging in first time, select the Dmore CHPC server by tapping Cmore Africa
3. Allow app access requests and usage tracking
4. User credentials will be made available via email or otherwise (when bulk registration is used)
5. Tap on a tag short cut to enter a data record
6. Enter the data and tap save to submit the record to the Cmore server

Cmore Mobile app

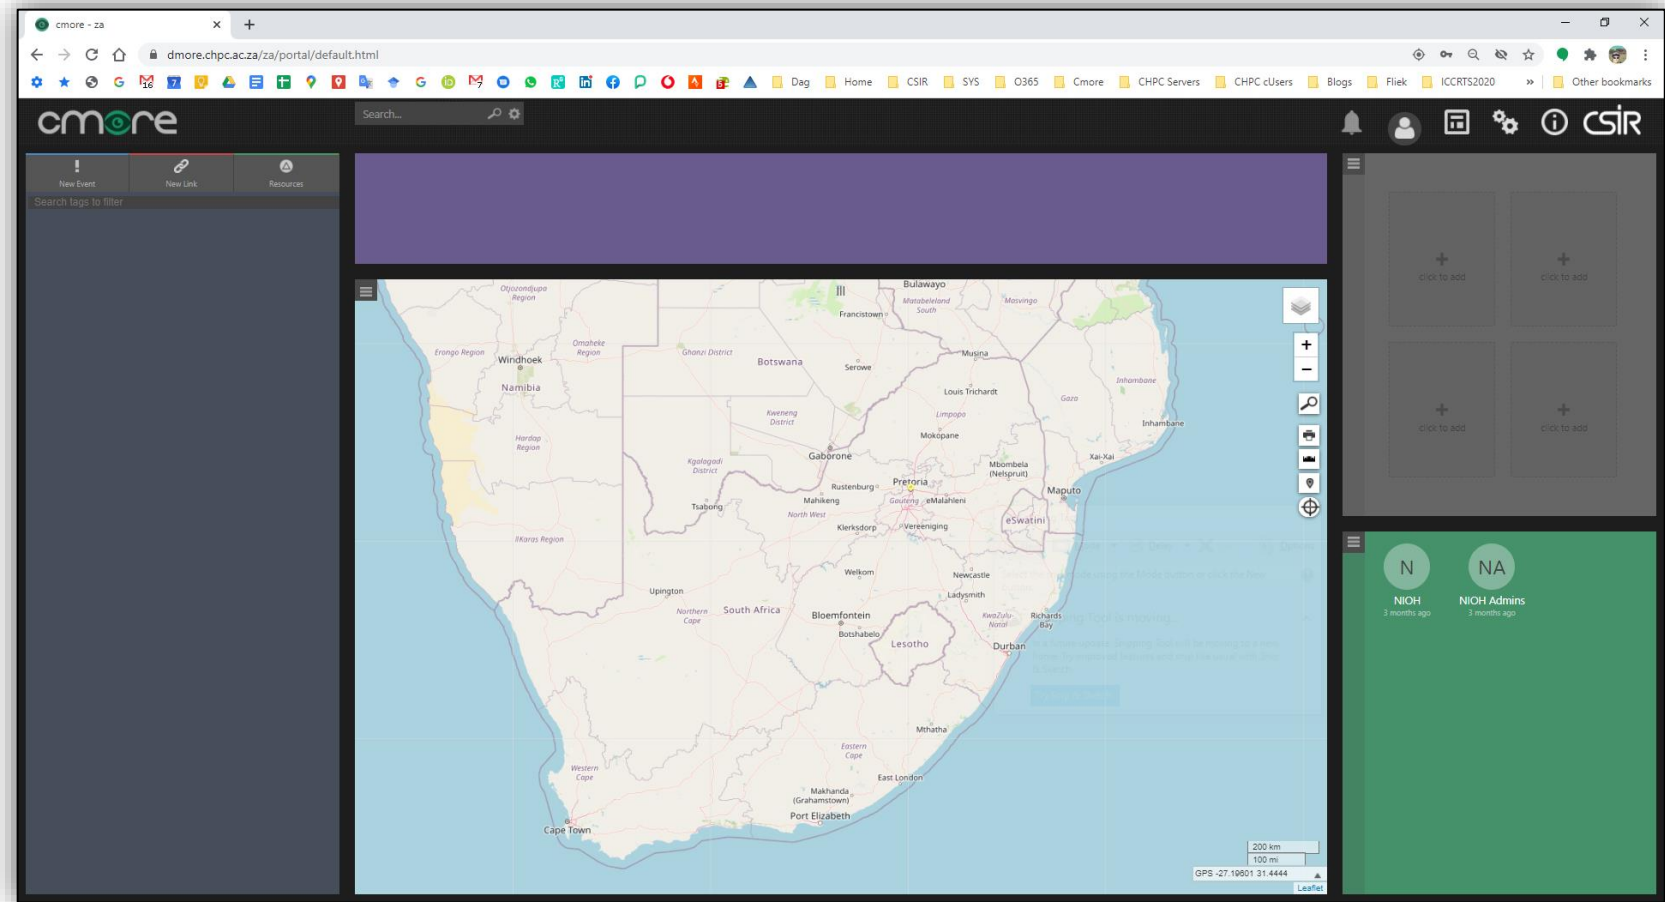

The Cmore Mobile app 'Create New Event' form consists of several sections:

- Header:** 'Create New Event' with a plus icon and location/accuracy information (e.g., NIOH OHS, Accuracy: 6m, Lat: -25.690445, Long: 28.276783).
- Location:** 'City of Tshwane,' with a microphone and image icon.
- Event Type:** A green bar indicating the event type (e.g., '1-Symptom Screening', '1-Positive Test', '1-Return to Work').
- Business ID:** A text field for the business ID (e.g., '784JK3543', '783JK3543', '98594dd').
- Employee ID:** A text field for the employee ID (e.g., '88748743', '954544434343').
- Employee National ID:** A text field for the employee national ID.
- Province:** A dropdown menu with 'Gauteng' selected.
- District:** A dropdown menu with 'Tshwane' selected.
- Job Category:** A dropdown menu with 'Services and Sales Workers' selected.
- Vulnerability Status:** A section with various health conditions and their status (e.g., 'Vulnerability Status: No', 'Asthma: No', 'Chronic Lung Disease: No', 'Diabetes: No', 'Hypertension: No', 'Serious Heart Conditions: No').

A yellow callout bubble labeled 'Vulnerability' points to the 'Vulnerability Status' section.

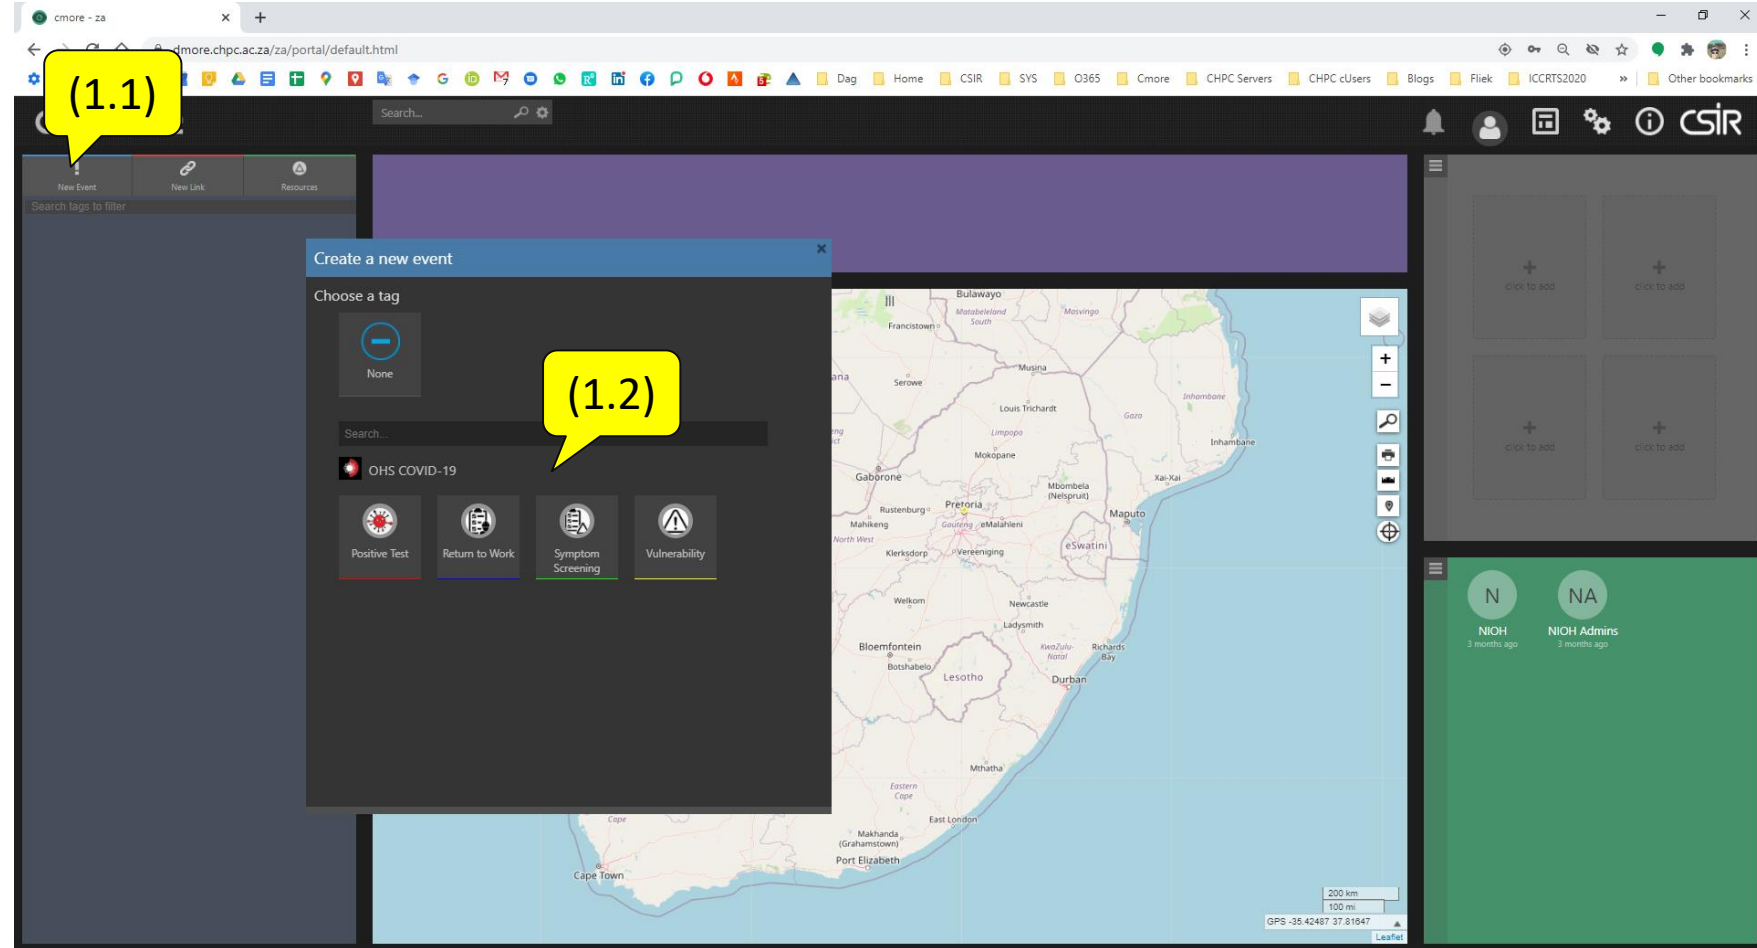

Cmore Web app

1. Access Cmore Web app via Google Chrome (preferred), Safari or FireFox.
<https://dmore.chpc.ac.za/za/portal/login.html>
2. User credentials will be made available via email or otherwise (when bulk registration is used)

Cmore Web app

1. To enter a data record
 1. Tap on New Event
 2. Select the appropriate tag
2. Once all data populated, submit the record to the Cmore server by clicking Create Event.
3. Records with a position will display on the map.
4. Records without a position will not be visible on the map, but could be viewed under Event View.
5. Operators will only see data they submitted, not that from other operators
6. CSIR will manage records to ensure maximum resources available for record submission.

Cmore Registration Process

1. Follow process for Occupational Surveillance System Business Registration and Data Submission Process
2. Select Cmore option
3. Note the Business Name and Generated Business ID
4. Complete the Cmore Registration Template (See slide after next). **Make sure to complete both tabs in the Excel file – Business and User Registration tabs**
5. Submit the Business Name and Business ID with the completed Cmore Registration Template to cmore@csir.co.za
6. CSIR will register the accounts and make the credentials for operators available either via a Cmore system generated email or otherwise – the latter will be for bulk registration cases
7. Once credentials are available, data can be submitted via the Cmore Web app by accessing the Cmore Web app - <https://dmore.chpc.ac.za/za/portal/login.html>
